Tokyo, Japan, March 4, 2015 – MITSUBISHI GAS CHEMICAL COMPANY, INC. has been recognized as one of 19 companies receiving Intel Corporation's Preferred Quality Supplier (PQS) award for their performance in 2014. This supplier has demonstrated industry-leading commitment across all critical focus areas on which they are measured: quality, cost, availability, technology, customer service, labor and ethics systems and environmental sustainability. MITSUBISHI GAS CHEMICAL COMPANY, INC. is recognized for their significant contributions providing Intel with high purity peroxide and custom back end cleans, deemed essential to Intel's success.

"It is a great pleasure and honor to receive the awards in these five successive years. We are very proud of it, though other suppliers record in much longer period. All our account team members appreciate Intel for their continuous support, we are keeping our best efforts to receive again and again," said Mr. Naoki KOGURE, General Manager, Performance Chemicals Department Specialty Chemicals Company Mitsubishi Gas Chemical Company, INC.

"Intel is pleased to grant Mitsubishi Gas Chemical Company the prestigious PQS award for the delivery of innovative technical solutions in support of Intel's wet clean technical roadmap. MGC's emphasis on excellent account support and quality, in addition to their flexibility in meeting dynamic technical requirements has been the hallmark of their valuable partnership with Intel," said Tim Hendry, VP Fab Materials.

The PQS award is part of Intel's Supplier Continuous Quality Improvement (SCQI) program that encourages suppliers to strive for excellence and continuous improvement. To qualify for PQS status, suppliers must score 80 percent on a report card that assesses performance and ability to meet cost, quality, availability, technology, environmental, social and governance goals. Suppliers must also achieve 80 percent or greater on a challenging improvement plan and demonstrate solid quality and business systems. Additional information about the SCQI program is available at <http://intel.com/go/quality>.

A celebration to honor PQS award winners was held in Santa Clara, California

themed “Innovating to Deliver Smart and Connected Devices”, which illustrates the contributions this supplier has made in 2014. In addition, there was an announcement on Intel’s website at <http://intel.com>.
